

LEE COUNTY

BOARD OF COUNTY COMMISSIONERS

LEE COUNTY, FLORIDA

**EXTERNAL FEES
AND CHARGES
MANUAL**

April 2025

**INSTRUCTIONS FOR ESTABLISHING NEW FEES
OR
REVISING EXISTING FEES
(External Fees and Charges Manual)**

Administrative Code 3-10

External Fees and Charges are hereby established by **Resolution Number 01-02-45** on 02/27/01.

TO ESTABLISH A NEW EXTERNAL FEE OR TO REVISE AN EXISTING EXTERNAL FEE:

The County Manager has been given the authority to revise or add, without further Board approval, the following fees and charges:

All fees excluding those established by County ordinance or resolution, those concerning Constitutional Officers and those for Community Development.

To **establish a new fee**, the requesting Department will submit a draft of the new fee along with the External Fees Manual pink sheet to the County Attorney and the County Manager. After approval, the County Manager will forward the completed draft and signed pink sheet to Public Resources to update the External Fees Manual.

To **revise an existing fee**, the requesting Department will send the current page with revisions typed in red, a clean hard copy and the External Fees Manual pink sheet to the County Attorney and the County Manager. After approval, the County Manager will forward the revised page and signed pink sheet to Public Resources to update External Fees Manual.

WATER SYSTEM CONNECTION CAPACITY FEES

- A. Residential Connection (capacity) Fees shall be based on a table for Equivalent Residential Units. The actual connection fee shall be calculated by multiplying the number of ERU's designated, times the class of ERU. The connection fee will be based upon the actual type of use or user category of each unit on site, regardless of any other designated uses. The Commercial and Non-Residential Connection (capacity) Fee shall be used on the flow rates as outlined in Florida Administrative Code Chapter 64E-6.008. The resulting gallons per day flow contribution as outlined in FAC Chapter 64E-6.008 will then be multiplied by the respective rate per gallon as defined in Paragraph D below.
- B. No person, corporation, partnership or any other legal entity shall be allowed to connect onto the Lee County Water and Sewer System without first receiving a formal approval from the County and the payment of all applicable Connection Fees.
- C. The County reserves the right to review the amount of water and/or sewer usage during the course of a customer's service, and shall bill the owner or customer for any adjustment(s) to the water and/or sewer Connection Fees for capacity use which is in excess of the amount originally paid for by the owner or customer. Any additional Connection Fee payments shall be billed separately to the owner or customer at the same rate that was initially charged at the time of service application.
- D. The Connection Fee rate schedule set forth below shall be applicable to all customers of the Lee County Water and Sewer System.
 - a. In addition to the physical connection to, and the installation of a meter for the determination of consumption for both water and sewer system, the County shall charge a connection fee which represents the capital facility cost of the water and sewer system capacity utilized by the new connection.
 - b. The capital cost of the water and sewer capacity is calculated on an Equivalent Residential Unit (ERU) basis, which is defined as the maximum demand of two hundred fifty (250) gallons per day (GPD) which equates to the demand for a single-family dwelling unit.
 - c. In no instance shall an ERU determination of less than one (1.0) be assigned to any individual applicant (connection) for water and/or wastewater service (exclusive of individual multi-family or recreational vehicle dwelling units).

EX 13-2 Continued

The Connection (Capacity) Fees are as follows:

CLASSIFICATION

<u>RESIDENTIAL SERVICE</u>	<u>NO. ERU'S</u>	<u>WATER CHARGE</u>
Single-Family	1.00	\$ 2,440.00
Multi-Family (per Dwelling Unit)	.80	\$ 1,952.00
Recreational Vehicle (per Dwelling Unit/Lot)	.40	\$ 976.00
Commercial Service and All Non- Residential Services	<u>Charge Per Gallon</u> \$ 9.76	

Note: Commercial unit use when combined with residential unit use on a single meter, or unmetered commercial use is calculated individually based upon Lee County Utilities estimates of wastewater discharge and the above schedule of rates.

SEWER SYSTEM CONNECTION (CAPACITY) FEES

- A. Residential Connection (capacity) Fees shall be based on a table for Equivalent Residential Units. The actual Connection Fee shall be calculated by multiplying the number of ERU's designated, times the class of ERU. The Connection Fee will be based upon the actual type of use or user of each unit on-site, regardless of any other designated uses. The Commercial and Non-Residential Connection (capacity) Fee shall be used on the flow rates as outlined in Florida Administrative Code Chapter 63E-6.008. The resulting gallons per day flow contribution as outlined in FAC Chapter 64E-6.008 will then be multiplied by the respective rate per gallon as defined in Paragraph D below.
- B. No person, corporation, partnership or any other legal entity shall be allowed to connect onto the Lee County Utilities Water and Sewer System without first receiving formal approval from the County and the payment of all applicable Connection Fees.
- C. The County reserves the right to review the amount of water and/or sewer usage during the course of a customer's service, and shall bill the owner or customer for any adjustment(s) to the water and/or sewer Connection Fees for capacity use which is in excess of the amount originally paid for by the owner or customer. Any additional Connection Fee payments shall be billed separately to the owner or customer at the same rate that was initially charged at the time of service application.
- D. The Connection Fee rate schedule set forth below shall be applicable to all customers of the Lee County Water and Sewer System.
 - a. In addition to the physical connection to, and the installation of a meter for the determination of consumption for both water and sewer system, the County shall charge a connection fee which represents the capital facility cost of the water and sewer system capacity utilized by the new connection.
 - b. The capital cost of the water and sewer capacity is calculated on an Equivalent Residential Unit (ERU) basis, which is defined as the maximum demand of two hundred fifty (250) gallons per day (GPD) which equates to the demand for a single-family dwelling unit.
 - c. In no instance shall an ERU determination of less than one (1.0) be assigned to any individual applicant (connection) for water and/or wastewater service (exclusive of individual multi-family or recreational vehicle dwelling units).

PARKS AND RECREATION FEE WAIVER POLICY

Lee County Parks and Recreation understands that non-profit organizations provide essential community services and as such, may approve up to a 50% fee waiver for those organizations holding and providing documentation of a 501C-3 non-profit status. Non-profit FUNDRAISING events will not qualify for a discount.

Fee Waivers are not automatic and must be requested in writing by the non-profit agency. Fee waivers are at the discretion of the department director, or his/her representative.

No Fee Waivers will be granted for the Lee County Sports Complex, Terry Park, or Jet Blue Park.

TAXABLE FEES

Pursuant to Florida Statutes Chp.212, Lee County Parks and Recreation must charge sales tax where applicable. Charges that are considered taxable **already** have the sales tax figured into the fee.

SPECIAL EVENT FEES

Special Events that have a greater impact on our facilities and/or parking areas, other than what is allowed within the established fee, may have an additional fee assessed.

DIFFERENCE BETWEEN SHELTERS, PAVILIONS & LODGES

A Shelter – Accommodates 10 or less people. FIRST COME, FIRST SERVED! (No charge)

A Pavilion (available in small/med/lg) – Can accommodate over 10 people (depending on the facility).

A Lodge – Accommodates up to 80 people (with facilities).

DUPLICATING FEES (continued)

REQUESTS FOR INSPECTION & COPYING OF PUBLIC RECORDS

1. Each Department or Division Director shall be the custodian of public records for his/her Department or Division and, as such, shall be responsible for such records.
2. Requests may be made in person, in writing or by telephone. Copies will be provided upon payment of the required fees. No fee shall be charged to inspect records. If research of the records is required to fulfill a request, the lawful fee for such research shall be charged. If the custodian determines that the cost of the copies will exceed \$50.00, the custodian may request that the requester submit a deposit prior to preparing the copies. Custodians are not required to give out information from the records, to interpret them, or to set forth records or information in a certain format as requested by the requester.
3. Custodians of public records will respond to requests for information on a first come first serve basis. Due to the nature of the request, response time on some requests may be longer than on others, but all will be handled as soon as reasonably possible.
4. All inspections shall be conducted during normal business hours in the presence of the custodian or a designee. The records shall always be retained in the control of the custodian or his designee unless otherwise required by law.
5. Upon completing the inspection of the records, the requester shall identify which, if any, documents he desires copies. If no inspection of the records has been requested, the requester may otherwise identify which copies of documents he desires. Copies will be made as soon as reasonably possible.
6. Any disputes, which may arise out of the custodian's determination that certain records are exempt or are not public records shall be referred to the County Attorney for a determination.
