

Regulation Number: 1,050

**LEE COUNTY PUBLIC WORKS  
DEPARTMENT OF TRANSPORTATION  
LEE COUNTY, FLORIDA  
TRAFFIC REGULATION ORDER**

**Date Advertised**

N/A

**Date Issued**

January 17, 2020

**Location:** Lochmoor Circle @ Lochness Court

**I hereby direct that the** existing Stop control for northbound (NB) Lochness Court, with southbound and westbound Lochmoor Circle designated the preferential approaches, be revised to Stop Lochmoor Circle (WB), with Lochmoor Circle (SB) and Lochness Court (NB) designated the preferential movements

at the above named location, in accordance with the attached detail.

This regulation shall be effective upon posting.

**Initiated by:** DOT Request # 34369.

**Recommended by:** Bryan Miller, Senior Project Manager

**Studies on file:** Field observations and street network. The intersection is a Tee type with the cul-de-sac (NB) approach having few homes. The existing Stop control for the NB approach has been in place in excess of 25 years with no safety problem documented. The request to change the Stop control to control the stem of the Tee intersection configuration would be more in-line with driver expectations, reduce potential conflicts, and based on the street network likely control the lower volume street. The proposed change is consistent with MUTCD guidelines for intersection controls, and is not anticipated to have significant operational or safety impacts.
