**Recommended by:** Bryan Miller, Senior Project Manager (LCDOT)

**Studies on file:** January 2021 24-Hour Speed & Volume Count. Prior to the County accepting Airport Haul Road for maintenance the posted speed limit was 35 mile per hour. Based on the limited development the recent count showed only 500 vehicles per day. The 2-lane road has clear graded roadsides. The Alico Road Widening CIP Project included a road re-alignment of Airport Haul Road north of Alico for about 4/10<sup>th</sup>s of a mile with the road design speed at 45 miles per hour. The average speed was 40 miles per hour with the 85<sup>th</sup> percentile speed at 49 miles per hour. Based on the road design and cross-section, recorded speed profile, and limited development, a maximum posted speed of 45 miles per hour is consistent with the Florida Speed Zoning Manual.
