

INTRODUCTION

The standards set forth in this document (as amended from time to time) are intended to provide a basis for design and construction of potable water, sanitary sewer, and reclaimed water infrastructure within Lee County Utilities' (LCU) Service Area. Applicable Federal, State, and County laws and regulations should be considered concurrently with this text. Any variation from these standards shall be approved in advance, in writing, by Lee County Utilities (LCU) prior to construction. The requirements of this document shall be applicable in all cases where the facilities to be constructed shall be owned and maintained by LCU.

When standards or specifications are indicated herein by reference, the referenced portion shall apply to the most recent edition of the publication and shall have the same force and effect to the extent indicated by the references thereto, as if they were included herein in their entirety.
